To Whom It May Concern:

My name is Loren Koerber and I am writing this letter in support of Wishbone Industries Ltd. Our group wanted to build a skateboard park but due to the cost of concrete had to look elsewhere. As recycling is such an issue in today's world we came across a wonderful product which was made up of 100% recycled material.

Timeless Skate Ramps delivers an innovative, affordable product that is backed by people who want to make a difference while giving you a quality product. This company was very easy to work with and we highly recommend them.

Thank you,
Loren Koerber
