DESIGNER NOTES

For the creative on the playground, we introduce the Giggle Bench. Made with growing tots in mind, the seat height is adjustable so kids can clamour onto the bench with their little friends to share stories and snacks. Each end of the bench can be used as a fun chalk board for the artist on site and with just a wipe, it becomes a new canvas for the next creator. Plenty of giggles will be heard by little bambinos with hands filled with chalk. A sturdy reinforced seat and back ensure there is no warping or sagging. As with all of our kids' products, the quality plastic is easy to clean and maintain, endures lots of climbing and leaves fingers and feet free from splinters. The rounded edges and low height make it safe for tots to use.

With a fun bench like this, don't you wish you could be a kid again?
